

PROGRAM ASSESSMENT REPORT

v2023.21 current

Tracking data

CIM code	11.1005
Program name	Master of Science in Project Management
academic year	2024-2025
Program assessment coordinator	Roland Calia
Assessment plan year	2024 - 2025
No assessment this year per plan	☐
LO(s) assessed	Written Communication, Critical Thinking (Identifies Arguments, Develops Arguments), Project Management
Presented at program authority meeting date: <i>Please attach minutes</i>	Fall 2025

Methodology

For each LO and artifact assessed, please describe the methodology used, and attach or insert the rubric used. At minimum this should contain:

- a description of how the artifact is concordant with the LO
- a description of the method used to place individual students in at least 3 assessment categories {**D Does not meet expectations**, **M Meets expectations**, **P Proficient**} based on the artifact(s) assessed.

Written Communication Rubric: Masters' Level Students

Our graduate students will be effective communicators.

- Our graduate students will be able to prepare documents in text-based media that are clear, accurate, and appropriate for the intended audience, in support of managerial decision-making.

Construct	Exceeds Expectations (3 points)	Meets Expectations (2 points)	Does Not Meet Expectations (1 point)
Purpose	The purpose of the writing is clear to the intended reader.	The purpose of the writing is usually clear to the intended reader.	The purpose of the writing are not clear to the intended reader.
Development of Ideas	All ideas are supported with effective examples.	Most ideas are supported with effective examples.	Few ideas are supported with effective examples.
Logic	Reasoning is consistently sound.	Reasoning is usually sound.	Reasoning is rarely sound.
Organization	All ideas are organized in a coherent manner.	Most ideas are organized in a coherent manner.	Few ideas are organized in a coherent manner.
Grammar	Uses sentence structures that are consistently appropriate for formal communication.	Uses sentence structures that are usually appropriate for formal communication.	Uses sentence structures that are inappropriate for formal communication.
Spelling	Writing is essentially free of spelling errors.	Writing contains minor spelling errors.	Writing contains frequent spelling errors.

Objective: Students will develop well-reasoned arguments.			
Rubric Statement: Students will develop well-reasoned arguments supported by evidence.			
Construct	Exceeds Expectations (3 points)	Meets Expectations (2 points)	Does Not Meet Expectations (1 point)
Develops clear argument supported by evidence	Develops a clearly articulated argument, using evidence and/or systematic logical reasoning in support of a conclusion or point of view.	Presents argument using evidence and/or logical reasoning in support of a point of view.	Does not clearly state a conclusion or point of view or else little or no supporting reasoning or evidence is presented.
Identifies and prioritizes evidence for argument	Identifies relevant qualifications or objections or alternative points of view and prioritizes evidence and/or reasons in support of the conclusion.	Identifies some qualifications or objections or alternative points of view.	Makes little or no attempt to recognize or respond to objections or alternative points of view.
Provides context for argument	Describes the broader relevance, significance or context of the issue and/or applies the reasoning to a novel problem.	Describes the broader relevance, significance or context and/or applies the reasoning to a novel problem.	Makes little or no attempt to describe the broader relevance or significance or to apply the reasoning to a novel problem.

MASTER OF PROJECT MANAGEMENT PROGRAM GOAL

Program Goal: Graduates will demonstrate an understanding of the entire project management process

	Measurement Rubric			Percentage Meeting or Exceeding Expectations
Objective	Exceeds Expectations (2 points)	Meets Expectations (1 point)	Does Not Meet Expectations (0 points)	
1. Understand how to document, manage, and assess project risks and develop mitigation and contingency plans	Demonstrates exceptional understanding	Demonstrates satisfactory understanding	Demonstrates less than satisfactory understanding	
2. Understand how to use project management tools or techniques to plan and track project performance	Demonstrates exceptional understanding	Demonstrates satisfactory understanding	Demonstrates less than satisfactory understanding	
3. Understand how to take corrective actions and verify project standards in order to ensure that the project delivers total client satisfaction	Demonstrates exceptional understanding	Demonstrates satisfactory understanding	Demonstrates less than satisfactory understanding	
4. Understand how to organize and schedule project activities in a logical way in order to make it easier for project members to execute	Demonstrates exceptional understanding	Demonstrates satisfactory understanding	Demonstrates less than satisfactory understanding	

Results

Artifact samples

Attach artifact samples. For data sets with ≤ 10 students, provide 1 in each category (unless the category is empty, if so state that). For programs with ≤ 20 , provide 2. For other programs provide 3.

Data table

For each LO assessed provide a table pasted in from the provided [recommended reporting template](#) placing each student into the assessment categories (minimally {D, M, P}. Provide a summary graph from the [recommended reporting template](#) (provided separately) presenting this distribution. You may also present additional analysis as deemed appropriate by the results seen and the needs of the program.

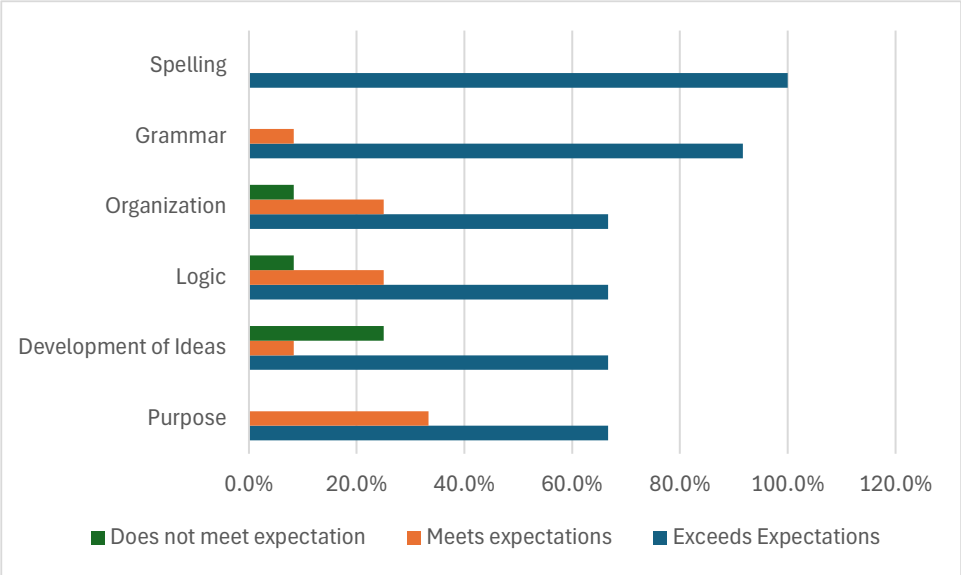

Course: PM 501 Project Management Essentials

Goal: Written Communication

Assignment Name: Final PM 501

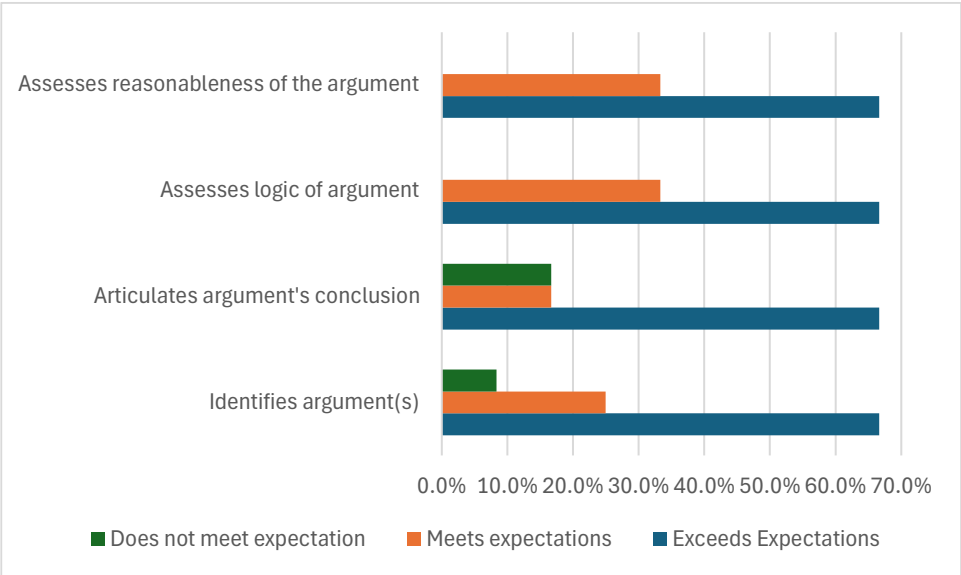

Fall 2024

Criteria (List each construct)	Count	Exceeds Expectations	Meets expectations	Does not meet expectation
Purpose	12	66.7%	33.3%	0.0%
Development of Ideas	12	66.7%	8.3%	25.0%
Logic	12	66.7%	25.0%	8.3%
Organization	12	66.7%	25.0%	8.3%
Grammar	12	91.7%	8.3%	0.0%
Spelling	12	100.0%	0.0%	0.0%

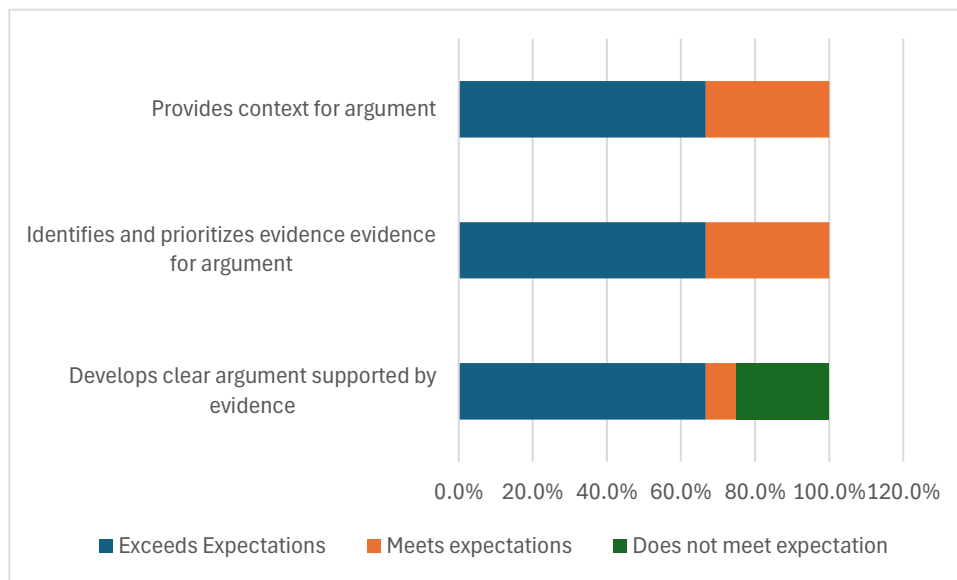

Course: PM 501 Project Management Essentials
 Goal: Critical Thinking: Identifies Arguments
 Assignment Name: Final PM 501
 Fall 2024

Criteria	Exceeds Expectations	Meets expectations	Does not meet expectation
Identifies argument(s)	66.7%	25.0%	8.3%
Articulates argument's conclusion	66.7%	16.7%	16.7%
Assesses logic of argument	66.7%	33.3%	0.0%
Assesses reasonableness of the argument	66.7%	33.3%	0.0%

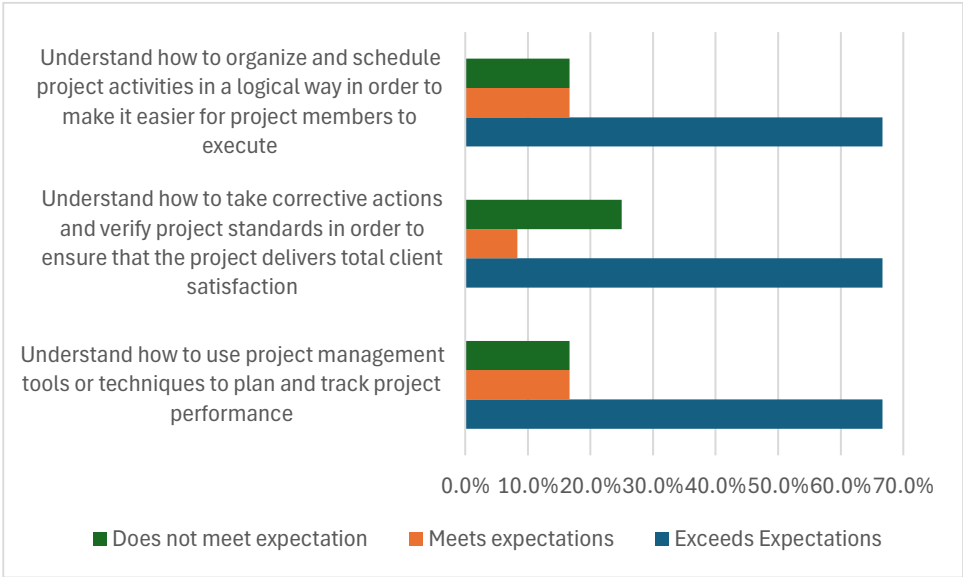

Course: PM 501 Project Management Essentials
 Goal: Critical Thinking: Develops Arguments
 Assignment Name: Final PM 501
 Fall 2024

Criteria	Exceeds Expectations	Meets expectations	Does not meet expectation
Develops clear argument supported by evidence	66.7%	8.3%	25.0%
Identifies and prioritizes evidence evidence for argument	66.7%	33.3%	0.0%
Provides context for argument	66.7%	33.3%	0.0%

Course: PM 501 Project Management Essentials
Goal: Project Management Goal
Assignment Name: Final PM 501
Fall 2024

Criteria	Exceeds Expectations	Meets expectations	Does not meet expectation
Understand how to use project management tools or techniques to plan and track project performance	66.7%	16.7%	16.7%
Understand how to take corrective actions and verify project standards in order to ensure that the project delivers total client satisfaction	66.7%	8.3%	25.0%
Understand how to organize and schedule project activities in a logical way in order to make it easier for project members to execute	66.7%	16.7%	16.7%

Description of findings

Summarize the discussion that occurred within the program authority when this was presented. Provide a short narrative interpreting the findings. Are there any areas of concern?

Written Communication Goal

The average score on 5 of 6 constructs was 80% meeting or exceeding expectations. The only construct where the combined score fell below 80% was for the development of ideas, which was reported at 75%.

Critical Thinking Sub Goal: Identifies Arguments

The average score on all 4 constructs was 94% meeting or exceeding expectations. Students met or exceeded the goal on all constructs.

Critical Thinking Sub Goal: Develops Arguments

The average score on all 4 constructs was 92% meeting or exceeding expectations. Students met or exceeded the goal on all constructs.

Project Management Goal

The average score on 2 of 3 constructs was 80% meeting or exceeding expectations. The only construct where the combined score fell below 80% was to understand how to organize and schedule project activities in a logical way in order to make it easier for project members to execute, which was reported at 75%.

Continuous Improvement, CI, plans

The purpose of assessment is to improve the quality of our educational programs. The most important part of the assessment cycle is how we use the data to improve our programs. Examine the data provided above describing student achievement, and if areas for possible improvement emerge, describe plans to achieve this improvement.

Prior CI plan impact

Refer to the previous assessment report for this LO. Were any CI plans recommended? Were they implemented? Did it work (were improvements seen in this cycle)?

X ☐ no previous CI plans available – ***This is a new program***

This cycle's CI plan

Describe any CI plans developed from this cycle's data, as well as the strategy developed to implement these plans.

☐ After consideration and presentation to the program authority, no CI plans are recommended.

This assessment cycle the Project Management faculty will discuss how to strengthen student performance through additional assignments or projects for the 2 constructs which fell below the 80% target for meeting or exceeding expectations:

Written Communications: Development of Ideas

Project Management: Understanding how to organize and schedule project activities in a logical way
