

The following pages contain the data table for **Goal 1a Oral Communication**.

The following pages contain the data table for **Goal 1b**
Written Communication.

Purpose		Development of Ideas		Logic and Organization		Language		Spelling and Grammar	
Exceeds Expectations (2 points)	The purpose and focus of the writing is clear to the intended reader.	Exceeds Expectations (2 points)	All ideas are supported with effective examples, references, and details ; key distinctions are made.	Exceeds Expectations (2 points)	Develops ideas cogently and organizes items logically with effective transitions .	Exceeds Expectations (2 points)	Uses concise words and sentence structure effectively .	Exceeds Expectations (2 points)	Writing is essentially free from spelling and grammatical errors .
Meets Expectations (1 point)	The purpose and focus of the writing is usually clear to the intended reader.	Meets Expectations (1 point)	Most ideas are supported with effective examples, references, and details; key distinctions are made.	Meets Expectations (1 point)	Often develops unified and coherent ideas with clear organization .	Meets Expectations (1 point)	Uses of words and sentence structures are adequate .	Meets Expectations (1 point)	Writing contains minor spelling and grammatical errors.
Does Not Meet Expectations (0 points)	The purpose and focus of the writing is not clear to the intended reader.	Does Not Meet Expectations (0 points)	Most ideas are unsupported or reasoning is flawed .	Does Not Meet Expectations (0 points)	Does not develop ideas cogently . Uneven and ineffective organizations .	Does Not Meet Expectations (0 points)	Uses words and sentence structures that are inadequate .	Does Not Meet Expectations (0 points)	Writing contains frequent spelling and grammatical errors.

[illegible]

The following pages contain the data table for **Goal 2 Critical Reasoning**.

Identifies argument(s)		Articulates argument's conclusion		Provides theoretical support		Assesses logic of argument		Assesses reasonableness of the argument		
Exceeds Expectations (2 points)	Identifies the target argument(s) and clearly distinguishes it from any extraneous elements such as expressions of opinion and descriptions of events.	Exceeds Expectations (2 points)	Carefully articulates the argument's conclusion, clearly distinguishes it from its premises and identifies most relevant definitions and/or hidden assumptions.	Exceeds Expectations (2 points)	Provides support for the argument(s) in light of theories and models discussed in class.	Exceeds Expectations (2 points)	Clearly and correctly assesses whether the argument's premises provide sufficient logical support for the conclusion, independently of whether the premises are true.	Exceeds Expectations (2 points)	Clearly and correctly assesses the reasonableness of the premises, including the credibility of their sources (e.g., observation, testimony, measurement, experiment, etc.), independently of whether the premises support the conclusion.	
Meets Expectations (1 point)	Identifies the target argument(s).	Meets Expectations (1 point)	Distinguishes the argument's conclusion from its premises and some effort is made to identify relevant definitions and/or hidden assumptions.	Meets Expectations (1 point)	Attempt to support for light of theories and models discussed in class.	Meets Expectations (1 point)	Attempts to assess whether the argument's premises provide sufficient logical support for the conclusion, independently of whether the premises are true.	Meets Expectations (1 point)	Correctly assesses the reasonableness of the premises, including the credibility of their sources, independently of whether they support the conclusion.	
Does Not Meet Expectations (0 points)	Does not isolate the argument(s) from extraneous elements in the text such as expressions of opinion and descriptions of events.	Does Not Meet Expectations (0 points)	Does not identify the argument's conclusions or distinguish it sufficiently from the premise and little or no effort is made to identify relevant definitions or hidden assumptions.	Does Not Meet Expectations (0 points)	Makes little or no attempt to provide support for light of theories and models discussed in class.	Does Not Meet Expectations (0 points)	Does not address whether the argument's premises provide sufficient logical support for the conclusion, independently of the truth of the conclusion.	Does Not Meet Expectations (0 points)	Does not consider whether the premises are reasonable to believe, independently of whether they support the conclusion or else no effort is made to evaluate the credibility of the premises' sources.

BS-FINA	1	ai-education tension identified	1	advocates for balanced ai adoption	1	no formal theory cited but ethical/legal frameworks applied	1		1	risks and trade-offs addressed
BS-FINA	1		1	clear advocacy for ethical and integrated AI use	1	ethical considerations used, but no formal strategic models	1	grounded in practical logic	1	balanced and realistic

The following pages contain the data table for **Goal 3 Valuation**.

I. Investment Decision Rules and Relationships		II. Free Cash Flow or After-tax Cash Flow Analysis		III. Equity and Debt Analysis	
Exceeds Expectations (2 points)	A student is able to use and explain present value, future value, annuities, net present value, internal rate of return, and equivalent uniform Benefit/cost Decision Models. Furthermore, the student is able to apply these for practice purposes creatively and accurately.	Exceeds Expectations (2 points)	A student shows clear understanding of free cash flow analysis or After-tax Cash Flow Analysis , and is able to model it by hand or within a computer software to the degree that he/she provide substantial input to economic decision making.	Exceeds Expectations (2 points)	A student shows clear understanding of offering of equity and debt and is able to model it by hand or within a computer software to the degree that he/she provide substantial input to comparison of alternatives.
Meets Expectations (1 point)	A student is able to use and explain present value, future value, annuities, net present value, internal rate of return, and equivalent uniform Benefit/cost Decision Models with only occasional errors.	Meets Expectations (1 point)	A student shows clear understanding of free cash flow analysis or after-tax cash flow analysis, and is able to model it by hand or within a computer software with only occasional errors.	Meets Expectations (1 point)	A student shows clear understanding of offering of equity and debt, and is able to model it by hand or within a computer software with only occasional errors.

	Does Not Meet Expectations (0 points)	A student generally lacks ability to use and explain present value, future value, annuities, net present value, internal rate of return, and equivalent uniform Benefit/cost Decision Models with only occasional errors.	Does Not Meet Expectations (0 points)	A student lacks clear understanding of free cash flow analysis or after-tax cash flow analysis, or is unable to correctly model it by hand or within a computer software.	Does Not Meet Expectations (0 points)	A student lacks clear understanding of offering of equity and debt, or is unable to correctly model it by hand or within a computer software.

BS in Finance	1	The student shows some understanding of WACC, but assumptions are not very well defended so I cannot say that the knowledge is applied for practice purposes.	2	The student shows understanding of the DCF, and the source data is well justified. It lead to conclusion that the IPO is overvalued.	1	Understading onf equity and debt are assumed in the analysis.

BS in Finance	1	The student shows some understanding of WACC, but assumptions are not very well defended (why CAPM gives 11%?) so I cannot say that the knowledge is applied for practice purposes. Payback period is well applied, though.	2	The student shows understanding of the DCF, and the source data is well justified. It lead to conclusion that the IPO is overvalued.	2	His comparative analysis shows clear evidence that he knows equity and debt.
BS in Finance	2	WACC is well justified. Payback is well related to Alec Berg's timeline.	1		1	
BS in Finance	2	WACC is well justified. Payback is well related to Alec Berg's timeline.	1		2	His comparative analysis and others shows clear evidence that he knows equity and debt.
BS in Finance	1		1		2	His comparative analysis and others shows clear evidence that he knows equity and debt.
BS in Finance	1		1		2	His comparative analysis and others shows clear evidence that he knows equity and debt.
